

## Howl - [Beware of Darkness](#)

Lay down, heaven can wait  
You think you're right, I think you can change  
Draw some blood, I'm not going hungry tonight  
Won't it be fun, to howl in the night?

Howl  
So that the angels can hear you

Yeah  
Catch me if you can  
My, my, my,  
I'm a hungry man  
Oh oh  
Catch me if I fall  
Baby girl I wanna hear you howl

Cut strings you think too much  
I can't wait this long for a rush  
A misery to be alone  
How'd you want to be the lonely one?

Howl  
So that the angels can hear you

Yeah  
Catch me if you can  
My, my, my,  
I'm a hungry man  
Oh oh  
Catch me if I fall  
Baby girl I wanna hear you howl

Oh...

Oh child when will you see the light?  
No no I won't give up the fight  
No no when will you see the light?  
Oh child I won't give up the fight

Yeah  
Catch me if you can  
My, my, my,  
I'm a hungry man  
Oh oh  
Catch me if I fall  
Baby girl I wanna hear you howl
